

TCL 600

The TCL600 brings brilliant light and uniformity into an out the box solution. No need for lighting designs, aiming instructions or any of the complicated issues that sometimes come with lighting a court. With our TCL Series, you simply connect and play.

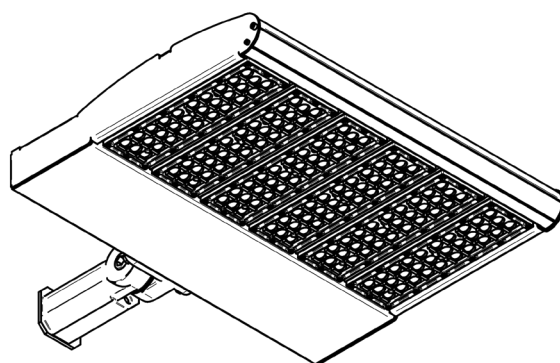

Available in 240 ,400 & 600 Watts we go from basic cover of 100 lux (Residential) to 250 lux (Social Play) and the 600 watt light taking the lighting levels over 450 lux equivalent to competition grade lighting. When retrofitting existing poles we offer multiple pole mounting options to suit a variety of configurations. Simple, easy solution to your tennis court requirements.
